3XE CONSOLE SHOWN

3XE

3XE CONSOLE DESCRIPTION

The Matrix machine is inspected before it is packaged. It is shipped in two pieces: the base and the console. Carefully unpack the unit and dispose of the box material. Note: There is a thin protective sheet of clear plastic on the overlay of the console that should be removed before use.

The 3xe has a fully integrated touch screen display. All information required for workouts is explained on screen. Exploration of the interface is highly encouraged. The information explaining how to program for various workouts will give an explanation about the contents of each screen on the 7xe.

- A) GO:** One Touch Start.
- B) STOP** (displayed on-screen during workout): Ends workout and shows workout summary data.
- C) COOL DOWN** (displayed on-screen during workout): Puts unit into Cool Down mode. Cool Down time is dependent on the workout.

3XE ENTERTAINMENT ZONE

- D) VOLUME UP/DOWN:** Adjusts the volume output through headphones.
- E) CHANNEL UP/DOWN:** Allows for channel selection on the integrated console TV.
- F) HOME:** Will take the user back to the home screen.
- G) LAST CHANNEL:** Allows the user to cycle between the current channel and the previous channel they were viewing.
- H) CC/MUTE:** Mutes sound and turns closed captioning on or off.
- I) DISPLAY MODE:** Allows user to cycle through display modes.
- J) NUMBER KEYPAD:** Allows for easy number inputs.

A5X CONSOLE SHOWN

**NOTE:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

FCC RF Radiation Exposure Statement:

1. This Transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
2. This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with a minimum distance of 20 centimeters between the radiator and your body
